

Workplace FAQ's

What is a gateway placement?

A gateway placement is a formal arrangement between a school, a student and an employer for a student to spend time learning in an employer's workplace.

How do I find my student a gateway placement?

You will need to contact local healthcare providers to see if they are interested in giving students gateway opportunities. Note that we do not recommend placements in a dementia care unit.

Which assessments require placement?

Most of our healthcare assessments require a work placement, except for the Anatomy assessments. The following assessments are theory only and do not require placement:

- 12700 Describe the human cardiovascular systems
- 12706 Describe the human digestive systems
- 12713 Describe the integumentary system of the human body
- 12719 Describe the human musculoskeletal system
- 12722 Describe the nervous system of the human body
- 12728 Describe the human respiratory system
- 12731 Describe the urinary system of the human body
- 14785 Demonstrate knowledge of diseases and disorders in the human body
- 23387 Describe the ageing process and its effects on a person's lifestyle and wellbeing
- 16870 Describe intellectual disability and the support needs of a person with an intellectual disability
- 16871 Describe physical disability and the support needs of a person with a physical disability

Does Kalandra Education Group provide placements for students?

No, Kalandra Education Group does not provide placements for students. You will need to find a placement for your student with a healthcare provider.

Do assessments that require a placement need to be signed off by a health professional?

Yes. The verifications and observations need to be completed by a registered health professional within the student's placement.

Can a registered nurse (e.g. school nurse) sign off practical assessments?

Yes. A registered nurse can sign off practical assessments where they have the experience to do so. For example, assessment 20826 Describe infection control requirements in a health or wellbeing setting.
