Overview of company

Kalandra Education Group was founded by Dr Christine Clark (RN) and is led by a team of dedicated professionals from a background of health, education and business, who while supporting loved ones through their final years have witnessed first-hand the fear, pain and loss associated with getting old. We saw needs not met, support not able to be provided and very real gaps in care. Kalandra Education Group is filling those gaps by providing training resources in areas not addressed until now or only briefly touched upon. Training in areas such as leadership in dementia and palliative care, nutrition and including beauty therapy for our older people. The number of older people is increasing and so too are their expectations and Kalandra Education Group is at the forefront of the solution. The resources/qualifications and courses we are developing will meet needs of the health care provider, the educationalists and the individual and with 20% of the world population classed as aged the need is huge and growing.

Vision / Mission

Kalandra Education Group improves the lives of older people by transforming care through developing, sharing and demonstrating innovative education.

This supports the World Health Organisation statement (2017), that the health work force at all levels, worldwide, is rarely trained to work with older people.

*Hutia te rito o te harakeke, kei hea rā te kōmako e kō?
Kī mai ki ahau, "He aha te mea nui o Te Ao?"
Māku e kī atu, "He tangata, he tangata, he tangata".*

*If you were to pluck out the centre of the flax bush, where would the bellbird sing?
If you were to ask me, "What is the most important thing in the world?"
I would reply, "It is people, people, people."*

Information

The process:

Please ensure you have completed an MOU and returned it before / with your first order (sent with this document and available on our website).

Complete the student information and order forms and return to the office (sent with this document and available on our website) or email to programmes@kalandra.ac.nz

No minimum or maximum orders

The office will process your order and you will receive a confirmation with all students Intuto login details. All unit standards are online using Intuto – our online learning system.

Please monitor your students' progress and ensure any documentation required for work placement is downloaded from Intuto before they are required to complete it.

When the students have completed their assessment and/or work placement please email it to programmes@kalandra.ac.nz

Once the student has completed their work and it is signed off by us you will be able to automatically print out a certificate of achievement.

At the commencement of each term a full record of all student achievements will be sent for your school records identifying: unit standard, version, level and credit value. From this information you will be able to lodge the unit standards with NZQA.

At the end of the year we would ask you to please complete a small questionnaire and if you are in Auckland attend a stakeholder meeting.

Costs:

We have made this as simple as possible for you – these are excluding GST:

Level 2: \$12.00 per credit

Level 3: \$14.00 per credit

Level 4: \$16.00 per credit

Please note: There are no refunds available once a learner login has been provided.

Our provider code: 9133 site 3.
